Arlington is cheaper, less antifa and you can keep your CC with less issues.

Note that Bowser and Northam may shut down the bridges and Metro thus plan to come into the city through MD.

If he's taking metro, there's no way to come through MD from VA if they close the bridges. He would have to already be in MD.

Drive around DC, cross bridges to MD and enter MD through MD

Right, so if he's flying and relying on metro, he needs to stay in Bethesda so he can walk if necessary (and not swim)

Or he can drive around DC and into Bethesda from Arlington through Loudoun.

It's farther yes but cheaper and is contingency IF the bridges are closed.

▼ Don't take your weapon and stay in Bethesda.

▼ I would stay in VA. Get a road map and avoid the beltway as long as possible. The beltway is insanely easy to shutdown.

▼ VA is Carry friendly, MD and DC are not. If they lock down the metro, you can walk back to VA across the bridge. Walking back to Bethesda is a serious hump.
